- meeting room and / or conference room for 8 people
- meeting room and / or conference room for 10 people
- two loading and unloading platforms
- a printing area

DESIGN DEPARTMENT

Tu mensaje, nuestra misión.

www.omegaexp.com.mx

WOODWORKING AREA

We have laser cutting equipment and router to improve the precision in the manufacture of elements for our customers. We also increase the safety of our processes and reduce the generation of waste as part of our commitment to the planet.

PRINTING AREA

Our state-of-the-art latex printing equipment allows us high productivity with high printing speed and efficiency in costs and workflows. We are also using water based inks to reduce the environmental impact since no solvents are being used.
